Subject: RE: TRI PFAS Evaluations Inquiry - ORD Compiled Information
Attachments: Crosswalk with CPAD PFAS SEM.xlsx; CompToxChemicalsDashboard-Batch-Search_2021-09-20_21_25_51_limitToxVal.xls

Hello, Dan. I reached out the ORD's CPHEA and CCTE to gather information related to your request. I am supplying the information in the attachments and in email information below. I have separated the information out into that supplied by CPHEA and CCTE; I will be on leave next week and having those specifics can help you better direct any follow-up questions that you may have while I am out. For CPHEA, please contact Santhini Ramasamy if you have any questions on their information, and, for CCTE, please contact Nisha Sipes. Please note that I have included the information as it was provided to me and in some cases you will see overlap with certain information provided on some of the PFAS (e.g., CCTE's notes on some of CPHEA's IRIS items, which are also covered in CPHEA's info).

Many thanks to the Santhini, Nisha, and their colleagues in CPHEA and CCTE for gathering this information to address the TRI program's inquiry.

- Walter

Thanks, Dan. I passed along the info. The Centers are looking into it and should get back to us soon. I noted to them if they are still gathering info into next week while I am out that they can directly supply info to you if it is ready then.
